### DETAILED ACTION

This Office action is in response to the amendment filed September 16, 2004 in which claims 1 and 16 were amended.

The rejection of the claims under 35 U.S.C. 112, first paragraph is withdrawn in view of the amendment to the claims. Since Applicant has obviated the 112 rejection the examiner is reinstating the rejection of the claims under 35 USC 103(a).

#### ***Claim Rejections - 35 USC § 103***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-16 are rejected under 35 USC 103 (a) as being unpatentable over Wu (US 5,593,735) for the reasons of record.

Applicant's arguments have been considered but are not deemed persuasive.

Applicant's argues that Wu requires a carbonate co-crosslinker, whereas the present invention does not utilize or discuss such a co-crosslinking agent. Applicant argues that this difference distinguishes over Wu.

Applicant has not shown that the carbamate co-crosslinker of Wu materially affects the basic and novel characteristics of the claimed crosslinker composition, nor has applicant limited the claims to the monomeric and oligomeric alkoxymethyl melamine derivatives. Simply because Applicant does not mention in specification additional crosslinkers does not exclude the possibility of additional unrecited elements.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
